

Bulletin 2009 –T– 01

May 22, 2009

The following statements within the Sporting and Technical Regulations have been amended, and are effective immediately:

Old Regulation (as per TKC Supplement dated April 14, 2009):

10 c)

- **The spec fuel station** is the ESSO Station located at 26233 Highway #48 and York Road #18. All 4-cycle Honda classes and Subaru classes will use ESSO Regular fuel.

And

30. Club Spec Fuel: The spec fuel station is the ESSO station located at 26233 Highway #48 and York Road #18, for races being held at Sutton. (Races held at other locations will have different spec fuel locations, which will be announced separately). All 4-cycle Honda classes and Subaru classes will use ESSO Regular fuel. All Rotax and TAG classes will use ESSO Supreme (91 octane) fuel.

NEW Regulations:

10 c)

- **The spec fuel station is the Petro Canada Station located at 24428 Highway #48, Baldwin, Ontario.** All 4-cycle Honda classes and Subaru classes will use Petro Canada Regular fuel.

And

30. Club Spec Fuel: The spec fuel station is the **Petro Canada station located at 24428 Highway #48, Baldwin, Ontario, for races being held at Sutton.** (Races held at other locations will have different spec fuel locations, which will be announced separately). All 4-cycle Honda classes and Subaru classes will use Petro Canada Regular fuel. All Rotax and TAG classes will use Petro Canada Supreme (91 octane) fuel.
